Bible Read Through

THIS THURSDAY, March 7th, we begin our Bible Read Through. Have you signed up yet? If you don't sign up today, Pastor Becky will be wearing the phones out trying to get all those slots filled. You really ought to do this! You just come into the sanctuary when your time slot arrives and sit in a big comfy chair on the platform while you read the Bible out loud. There's always a special need for people who can read during the overnight hours, but any time at all will help. You can also sign up on our website or by calling the church at 336.998.4226. If you're new to Redland, once a year we read the entire Bible aloud, cover to cover, non-stop, here in our sanctuary. Once someone starts reading, we tag each other out so that it never stops until we've read through the entire Bible. It's a great experience, so drop by the sign-up boards in the lobby this morning while you're here so you won't miss out!

24 Hour Prayer

Remember to mark your calendar for March 22nd and 23rd. That's when we'll be having our 24-Hours of Prayer from noon on Friday the 22nd until noon on Saturday the 23rd. To pray, you sign up for 1-hour slots and you can pray wherever you are. You don't have to come on campus to pray. Our goal is to have someone praying every hour for 24 hours. Maybe you'd prefer to pray with a friend. That's a great idea! Whatever you do, please plan to pray on March 22nd and 23rd. Sign-ups will start next Sunday.

Easter Invites

When you came in today, you found Prayer Cards and Invite Cards in your chairs. We're asking you to prayerfully consider who you need to invite to experience Easter at Redland with you this year. Once you've thought of three people you'd like to invite, just write their names on the Prayer Cards and turn them in. Our staff is going to be praying that they'll accept your invitation and be drawn closer to the Lord by being here. Easter is coming up fast! March 31st! So get your Prayer Card turned in and take those invite cards with you so you'll have them in hand when the door opens!
